

Features

- ▶ Optimum sewing reliability, even at max. speed
- ▶ Very good feed characteristics at low foot pressure
- ▶ Infinitely variable stitch length
- ▶ The intermittent puller feed motion and a pre-selectable roller pressure (Ucl. -948/26)
- ▶ 5483-814/06-94/01:
Two-needle high-speed covering-stitch seamer for edge-stitching fabric edges and top-stitching (e. g. for making up belt loops)

Specifications

- ▶ Max. sewing speed: 6,000 s.p.m.
- ▶ Max. stitch length: 4.5 mm.
