

### Features

- ▶ High flexibility for many different operations from light to medium materials (due to the range of different feeding systems)
- ▶ High seam quality thanks to low thread tension values
- ▶ Quiet low-vibration run even at top speed
- ▶ Very good feed properties with a very low sewing foot pressure result in optimum, smooth seams
- ▶ Fresh oil hook lubrication with precision adjustment - no soiled materials
- ▶ Minimum material displacement due to the optimum needle bar cinematics (straight needle entry)
- ▶ 938-U/939U: Mechanical change from single zigzag to 3-stitch zigzag

### Specifications

- ▶ Max. speed: 6,000 s.p.m.
- ▶ Max. stitch length: 4.5 mm
- ▶ Max. zigzag stitch width: 6.0 mm
