**DESCRIPTION**

**CLOTH CUTTING MACHINE**

	Special design of the base and knife stand, it is smooth and labor-saving for fabric cutting. And there is no cutting inaccuracy while cutting from both sides.
	Improved type of knife sharpener, which can prolong the using life of knife. Elaborate abrasive belts, ensure the sharpness of knife-edge.
	The motor balances well, no vibration problem when turns on the power.
	Special design of the gears, no noise problem when the abrasive belt sharpens the knife.

\* 電源供應 Power Supply

		Hz	A
110V	9A	60 Hz	1P or 3P
220V	4.5A	60 Hz	
220V	4.2A	50 Hz
