

Highlead GC0618-1-SC

Flatbed Heavy Duty Compound Feed Walking foot Lockstitch sewing machine

(Bottom feed, needle feed & walking foot top feed)

The GC0618-1-SC model is an improved product based on the original Highlead GC 0618 and is specially designed for use on medium/heavy weight fabrics and leather.

With its powerful feeding system, wider presser foot stroke, higher foot lift and longer stitch length, this sturdy industrial sewing machine can deal with many different types of material and thick sewing threads.

It features a large hook & base for increased lower bobbin thread capacity and Compound feeding by lower feed dog, needle bar and walking presser foot.

The latest version for use in the UK replaces the previous 0618 & 0618-1 models and features improved quality and a safety clutch assembly which is fitted to help reduce hook damage should the machine become jammed etc.

The Highlead GC0618-1-SC: is a general purpose needle feed, walking foot sewing machine for use on for example: bags, luggage, sofa cushions, horse blankets, canvas, covers, plastic/rubber materials, general upholstery & leather work etc.
