

Highlead GC20518-B

Twin Needle Lockstitch machine with needle feed & large hooks

The Highlead GC20518-B produces two lines of lockstitch sewing and features self-lubricated large vertical-axis rotating hooks & bases; which offer approximately twice the thread capacity of standard hooks.

The machine has a synchronized feeding system, with the needle bar and bottom feed mechanisms moving in time: to combine into a more stable motion which helps prevent uneven material feeding & ply shifting etc, and results in a better and more precise stitched seam.

All standard features are fitted like: Dial adjustable stitch length, reverse stitch lever, large hand wheel etc. and with the GC20518-B being of a modern design, it also has an automatic lubrication system feeding all important moving parts.

Typical users of this Highlead model sew shirts, uniforms, overalls, jeans, work-wear, pants & other medium weight garments and fabrics.

Large Hook & Bases

Automatic Pump Lubrication

Needle gauge: 6.4mm standard
(optional: 3.2, 4.8, 9.5 & 12.7mm)

Features:

- Automatic head lubrication
- Bottom & needle feed
- Quality robust construction
- Automatic hook lubrication
- Large vertical axis hook & bases
- Reverse stitch lever
- Quiet balanced head

Specification:

- Max sewing speed: 3000rpm
- Stitch length: 0-7mm
- Needle bar stroke: 35mm
- Take up stroke: 74.5mm
- Presser foot lift by hand: 7mm
- Presser foot lift by foot: 13mm
- Hook: 2x large Vertical type
- Lubrication: Auto pump type
- Genuine UK model
