

Highlead GK0058

SINGLE or TWIN needle high speed double-lock chainstitch sewing machine

The Highlead GK0058 is a high speed double-lock chainstitch flat bed sewing machine available as either a single needle or twin needle model.

It has a sewing speed of up to 5000 s.p.m and features an adjustable stitch length for use on a wide range of textiles and garments.

The head has an automatic oil lubrication system which reduces wear & tear and allows the machine to run smoothly at high speeds.

The double-lock chainstitch is formed using a needle bar thread take up mechanism combined with 1 or 2 lower loopers. A stitch condense lever is also fitted to help secure the stitch.

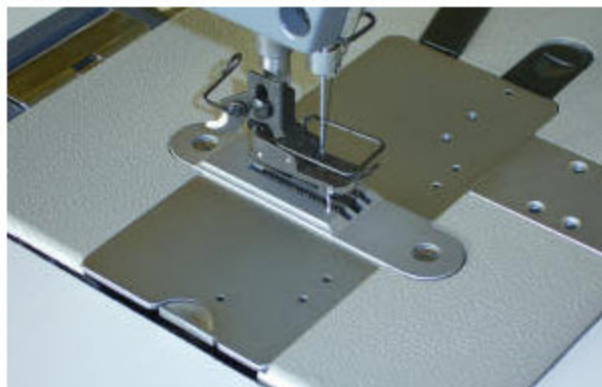

The Highlead GK0058 is used on for example:

Men's shirts, trousers, ski pants, coats, & blazers, lap-seaming, Skirts etc. or where you need a single or twin needle double-lock chainstitch formation which is firm, elastic and decorative.

Features:

- Single or twin needle versions available
