

PX series is a flatbed, 2needle, double chain stitch machine for achieving wishful design. This machine performs zigzagging by the built-in cam that moves the needles left and right (4~5 points). Application: various designs using picot and fagotting. Furthermore, newly developed flower stitching machine (Flower Picot) is joined to this series as new model. Outstanding feature of PX series is wide variety of decorative stitch patterns using picot and fagotting. PX series is our best machine for not only women's and children's clothing but also handkerchiefs, table cloth, table napkins. Your wishful design starts to realize with PX series.
