Extra Small Cylinder Arm Top feeder is available now with Left Knife Fabric Trimmer

Yamato's Extra Small Cylinder Arm Top feeder is available now with Left Knife Fabric Trimmer!

This machine combines all features of Variable Top Feeder with extra small cylinderarm shape.

Left Knife Trimmer is removable so hemming or covering operation can be made also without fabric trimming. "Active Thread Control" System allows smooth sewing operation with stretchable seaming.

A practical solution for your headaches in recent sewing-related difficulties... Even for tomorrow!!

- Variable Top Feeder prevents seam works (even if it's made with recent stretchable and slippery fabrics) from being twisted and distorted. Also, ensures stress-free operation with positive fabric transport.
- With our unique Active Thread Control system, the machine can achieve from soft & elastic seam to neatly tightened seam, and allows you to be ready for wide variety of sewing conditions, from microfiber to fleece!
- Small Cylinder Bed ensures easy handling even for small-circular articles, such as pre-closed seams of T-shirt, Leg opening of Boxer brief etc.
